

DISCLAIMER

BIMAL INSTITUTE FOR RESEARCH MARKET

Bimal Institute (*"hereinafter referred as the Institute"*) is a legally independent educational entity solely dedicated to imparting knowledge related to stock markets, financial instruments, and investment principles. The Institute operates in full compliance with the Securities and Exchange Board of India (SEBI) (Research Analysts) Regulations, 2014, and other applicable laws. The Institute does not engage in providing financial, investment, or trading advisory services.

NO INVESTMENT ADVISORY SERVICES

Bimal Institute does not provide stock recommendations, buy/sell signals, portfolio management advice, or any form of investment strategy. The courses offered are exclusively academic in nature and do not constitute personalized financial or trading guidance. Any reference to securities, stocks, or financial instruments is purely for educational purposes. We do not use the market price data of the preceding three months of any security neither we speak/talk/display the name of any security including using any code name of the security in our talk/speech, video, ticker, screen share etc. indicating the future price, advice or recommendation related to security or securities.

Students and participants are encouraged to perform their own due diligence and seek independent financial or investment advice from a SEBI-registered financial advisor before making any investment or trading decisions. The Institute disclaims any liability for investment decisions made based on the knowledge acquired from its courses.

NO REAL-TIME TRADING GUIDANCE OR RECOMMENDATIONS

Bimal Institute does not conduct, operate, or endorse any social media platforms, including but not limited to Telegram, WhatsApp groups, or private Zoom sessions, for providing trade calls, investment tips, real-time stock recommendations, or other market predictions, entry and exit suggestion points, stop loss suggestions, return assurance. Any discussions related to stock market research methodologies in the educational programs are conducted strictly in accordance with SEBI regulations.

The Institute does not guarantee the accuracy, completeness, or timeliness of any information presented during its educational programs and is not responsible for any financial consequences resulting from reliance on such information.

PURELY EDUCATIONAL INTENT & NO ASSURANCES OF FINANCIAL GAINS

The content, materials, workshops, and webinars provided by Bimal Institute are intended solely for academic learning and informational purposes. The information shared does not constitute investment advice, nor does it guarantee financial success. Past market performance is not indicative of future results.

REVENUE MODEL & NO BROKERAGE AFFILIATION

Bimal Institute maintains a transparent fee structure and does not receive any commission, brokerage, referral fees, or financial incentives from brokerage firms, trading platforms, or financial institutions. The Institute is not affiliated with any stockbrokers or trading platforms and does not endorse or promote any such entities.

LIMITATION OF LIABILITY

The Institute, its directors, faculty, employees, or affiliates shall not be held liable for any financial losses, trading losses, or other adverse consequences incurred by individuals who choose to trade or invest based on their understanding gained through the educational programs. All investment and trading decisions are made solely at the discretion and risk of the student or participant.

By accessing the website of Bimal Institute or enrolling in its courses, students explicitly acknowledge that:

The Institute is purely an academic platform and does not provide investment advisory services.

No guarantees, warranties, or assurances of profitability or investment success are provided.

The Institute shall not be responsible for any financial outcomes resulting from their personal trading or investment decisions.
